DEWALT®

12V MAX* / 20V MAX* LASERS

With innovation at the forefront, DEWALT® continues to release lasers that utilize their existing lithium-ion battery platforms. The DEWALT® 12V MAX* line lasers and the 20V MAX* rotary lasers were designed with cutting edge features that professionals can appreciate. The line up provides an efficient experience while staying true to the Guaranteed Tough® philosophy.

Users have the option to choose from red beam or green beam lasers for a large working range as well as interior and exterior visibility. The 12V MAX*/20V MAX* line now includes 12 self-leveling line lasers as well as 3 new rotary lasers options to meet a wide variety of on-the-job needs. Considering the innovative and durable designs, professionals will find value in the DEWALT® 12V MAX*/20V MAX* lasers for years to come.

*In regards to 12V MAX, maximum initial battery voltage (measured without a workload) is 12 volts. Nominal voltage is 10.8.

In regards to 20V MAX, maximum initial battery voltage (measured without a workload) is 20 volts. Nominal voltage is 18.

DEWALT

12V MAX^{*} 5 SPOT LASERS

With the 12V MAX^{*} lithium-ion rechargeable battery platform, these DEWALT[®] 5 spot lasers offer great visibility, durability and convenience.

dewalt.com 1-800-4 **DEWALT**

**DW085LG****12V MAX* GREEN 5 SPOT LASER**

Accuracy +/- 1/8" @ 30'

Working Range 150' (with detector, not included)

- **12V MAX* Lithium-ion Rechargeable Battery Platform**
For long run time and the convenience of a rechargeable battery
- **Green Beam Laser Technology**
Enhanced visibility and range when compared to traditional red lasers in long range interior applications and exterior applications
- **Integrated Magnetic Bracket with 1/4" Thread**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

**DW085LR****12V MAX* COMPATIBLE RED 5 SPOT LASER**

Accuracy +/- 1/8" @ 30'

Working Range 100' (with detector, not included)

- **12V MAX* Lithium-ion Rechargeable Battery Platform Compatible****
For long run time and the convenience of a rechargeable battery
- **Integrated Magnetic Bracket with 1/4" Thread**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

** AA starter pack included, 12V MAX* battery sold separately

DEWALT

12V MAX* 2 SPOT + CROSS LINE LASERS

The DEWALT® 2 spot + cross line lasers offer great flexibility on the worksite as well as great durability and visibility.

dewalt.com 1-800-4 **DEWALT**

**DW0822LG****12V MAX* GREEN 2 SPOT + CROSS LINE LASER**

Accuracy +/- 1/8" @ 30'

Working Range 150' (Dots) / 100' (Lines)

- **12V MAX* Lithium-ion Rechargeable Battery Platform**
For long run time and the convenience of a rechargeable battery
- **Green Beam Laser Technology**
Enhanced visibility and range when compared to traditional red lasers in long range interior applications and exterior applications
- **Integrated Magnetic Bracket with 1/4" Thread**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

DW0822LR**12V MAX* COMPATIBLE RED 2 SPOT + CROSS LINE LASER**

Accuracy +/- 1/8" @ 30'

Working Range 100' (Dots) / 50' (Lines)

- **12V MAX* Lithium-ion Rechargeable Battery Platform Compatible****
For long run time and the convenience of a rechargeable battery
- **Integrated Magnetic Bracket with 1/4" Thread**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

** AA starter pack included, 12V MAX* battery sold separately

DEWALT

12V MAX* 5 SPOT + CROSS LINE LASERS

Offering great versatility, the DEWALT® 5 spot + cross line lasers can help with a variety of leveling jobs on any jobsite.

dewalt.com 1-800-4 **DEWALT**

DW0825LG

12V MAX* GREEN 5 SPOT + CROSS LINE LASER

Accuracy +/- 1/8" @ 30'

Working Range 150' (Dots) / 100' (Lines)

- **12V MAX* Lithium-ion Rechargeable Battery Platform**
For long run time and the convenience of a rechargeable battery
- **Green Beam Laser Technology**
Enhanced visibility and range when compared to traditional red lasers in long range interior applications and exterior applications
- **Self-Leveling Cross Lines**
Projects bright crossing horizontal and vertical lines for various leveling and layout applications
- **Integrated Magnetic Bracket with 1/4"**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

DW0825LR

12V MAX* COMPATIBLE RED 5 SPOT + CROSS LINE LASER

Accuracy +/- 1/8" @ 30'

Working Range 100' (Dots) / 50' (Lines)

- **12V MAX* Lithium-ion Rechargeable Battery Platform Compatible****
For long run time and the convenience of a rechargeable battery
- **Self-Leveling Cross Lines**
Projects bright crossing horizontal and vertical lines for various leveling and layout applications
- **Integrated Magnetic Bracket with 1/4"**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

** AA starter pack included, 12V MAX* battery sold separately

DEWALT

12V MAX^{*} CROSS LINE LASERS

With red and green beams available, the DEWALT[®] cross line laser provides horizontal coverage up to 130 degrees front to back and vertical coverage up to 130 degrees side to side. In addition, the cross line laser also features an integrated magnetic bracket with tripod mounts.

dewalt.com 1-800-4 **DEWALT**

DW088LG

12V MAX* GREEN CROSS LINE LASER

Accuracy +/- 1/8" @ 30'

Working Range 165' (Radius)/ Visible Range 100' (Radius)

- **12V MAX* Lithium-ion Rechargeable Battery Platform**
For long run time and the convenience of a rechargeable battery
- **Green Beam Laser Technology**
Enhanced visibility and range when compared to traditional red lasers in long range interior applications and exterior applications
- **Self-Leveling Cross Lines**
Projects bright crossing horizontal and vertical lines for various leveling and layout applications
- **Integrated Magnetic Bracket with 1/4" and 5/8" Thread**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

DW088LR

12V MAX* COMPATIBLE RED CROSS LINE LASER

Accuracy +/- 1/8" @ 30'

Working Range 165' (Radius)/ Visible Range 50' (Radius)

- **12V MAX* Lithium-ion Rechargeable Battery Platform Compatible****
For long run time and the convenience of a rechargeable battery
- **Self-Leveling Cross Lines**
Projects bright crossing horizontal and vertical lines for various leveling and layout applications
- **Integrated Magnetic Bracket with 1/4" and 5/8" Thread**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

** AA starter pack included, 12V MAX* battery sold separately

DEWALT

12V MAX*

3 x 360 LASERS

Offered in both red and green beam options, the DeWALT® 12V MAX* 3 X 360 laser is distinguished by its ability to project 360 degrees of coverage, wall to wall, ceiling to floor. More specifically, this laser features two 360 degree vertical lines front to back and side to side and one 360 degree horizontal line from top to bottom. The 12V MAX* 3 X 360 laser helps to reduce setup time as users can simply place it in the middle of the room and begin measuring.

dewalt.com 1-800-4 **DEWALT**

DW089LG

12V MAX* GREEN 3 X 360 LASER

Accuracy at +/- 1/8" @ 30'

Working Range 165' (Radius)/ Visible Range 100' (Radius)

- **12V MAX* Lithium-ion Rechargeable Battery Platform**
For long run time and the convenience of a rechargeable battery
- **Green Laser Technology**
Enhanced visibility and range when compared to traditional red lasers in long range interior applications and exterior applications
- **Three 360 Degree Line Laser to Aid in Full Room Layout**
Bright diodes increase visibility and projects bright crossing horizontal and vertical lines for various leveling and layout applications
- **Projects Down Beam with Raised Clearance**
Provides line visibility and alignment for wall track layout
- **Integrated Magnetic Bracket with 1/4" and 5/8" Thread**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

DW089LR

12V MAX* COMPATIBLE RED 3 X 360 LASER

Accuracy at +/- 1/8" @ 30'

Working Range 165' (Radius)/ Visible Range 50' (Radius)

- **12V MAX* Lithium-ion Rechargeable Battery Platform Compatible****
For long run time and the convenience of a rechargeable battery
- **Three 360 Degree Line Laser to Aid in Full Room Layout**
Bright diodes increase visibility and projects bright crossing horizontal and vertical lines for various leveling and layout applications
- **Projects Down Beam with Raised Clearance**
Provides line visibility and alignment for wall track layout
- **Integrated Magnetic Bracket with 1/4" and 5/8" Thread**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

** AA starter pack included, 12V MAX* battery sold separately

DEWALT

12V MAX*

2 X 360 LASERS

Offered in both red and green beam options, the DeWALT® 12V MAX* 2 X 360 laser is distinguished by its ability to project 360 degrees of coverage, wall to wall, ceiling to floor. More specifically, this features one vertical line front to back and one horizontal line from top to bottom. The 12V MAX* 2 X 360 laser also helps to reduce setup time as users can simply place it in the middle of the room and begin measuring.

dewalt.com 1-800-4 **DEWALT**

DW0811LG

12V MAX* GREEN 2 X 360 LASER

Accuracy at +/- 1/8" @ 30'

Working Range 165' (Radius)/ Visible Range 100' (Radius)

- **12V MAX* Lithium-ion Rechargeable Battery Platform**
For long run time and the convenience of a rechargeable battery
- **Green Beam Laser Technology**
Enhanced visibility and range when compared to traditional red lasers in long range interior applications and exterior applications
- **Dual 360 Degree Line Laser to Aid in Full Room Layout**
Bright diodes increase visibility and projects bright crossing horizontal and vertical lines for various leveling and layout applications
- **Projects Down Beam with Raised Clearance**
Provides line visibility and alignment for wall track layout
- **Integrated Magnetic Bracket with 1/4" and 5/8" Thread**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

DW0811LR

12V MAX* COMPATIBLE RED 2 X 360 LASER

Accuracy at +/- 1/8" @ 30'

Working Range 165' (Radius)/ Visible Range 50' (Radius)

- **12V MAX* Lithium-ion Rechargeable Battery Platform Compatible****
For long run time and the convenience of a rechargeable battery
- **Dual 360 Degree Line Laser to Aid in Full Room Layout**
Bright diodes increase visibility and projects bright crossing horizontal and vertical lines for various leveling and layout applications
- **Projects Down Beam with Raised Clearance**
Provides line visibility and alignment for wall track layout
- **Integrated Magnetic Bracket with 1/4" and 5/8" Thread**
Rear-mounted magnets allow flush attachment to metal and steel track
- **Full-Time Pulse Mode Allows Use with Detector**
Maintains full brightness for visibility and extends range
- **Durable Design**
Over-molded housing and IP65 debris/water resistance
- **Locking Pendulum**
To help prevent damage to internal components

** AA starter pack included, 12V MAX* battery sold separately

DEWALT

20V MAX* RED ROTARY LASER

The DEWALT® 20V MAX* red rotary laser has a durable design, comes standard with adaptors for use with tripods and brackets and allows users to use their existing DEWALT® 20V MAX* batteries for convenience.

dewalt.com 1-800-4 **DEWALT**

DW074LR

20V MAX* RED ROTARY LASER

Accuracy at +/- 1/8" @ 100'

Working Range 150' Visible + 1500' w/ Detector

- **20V MAX* Lithium-ion Battery Platform**
 For long run time and the convenience of rechargeable batteries
- **Dual Orientation Can Be Used Both Vertically and Horizontally**
- **Removable 5/8" Thread Adaptor with Side and Bottom Ports**
 Allows for the unit to attach both horizontally and vertically to a tripod or bracket
- **Durable Design**
 Over-molded handles, 2 meters drop protection and IP54 debris/water resistance

Interior/Exterior Range	150 ft. Visible + 1500 ft. w/ Detector
Accuracy	+/- 1/8 @ 100 ft.
IP Rating	54
Drop Test	2 Meters
Speed Settings	150, 300, 600, 1200 rpm
Thread Mounts	5/8" Adaptor (side & bottom)
Scan Mode	15°, 45°, 90°
Grade/Slope Settings	Single Slope +/- 10%
Line/Dots Projected	Rotary Line + Up Dot
Package	TSTAK® Case - DWST17816
Included	(1) 12V MAX*/20V MAX* Charger, (1) 2 Ah 20V MAX* Battery, (1) Detector, (1) Ceiling Bracket, (1) Enhancement Glasses & (1) Target Card

DEWALT

20V MAX* GREEN/RED ROTARY TOUGH LASER™ TOOL

Offered in both red and green beam options, great run times, Guaranteed Tough® durability and the compatibility with a widely accepted battery platform are just a few of the things that make the DEWALT® Rotary Tough Laser™ tools a must have tool for your job site.

dewalt.com 1-800-4 **DEWALT**

DW079LR

20V MAX* RED ROTARY TOUGH LASER™ TOOL

Accuracy at +/- 1/16" @ 100'

Working Range 250' Visible + 2000' w/ Detector

- **20V MAX* Lithium-ion Battery Platform**
For long run time and the convenience of rechargeable batteries
- **Dual 360 Degree Line Laser to Aid in Full Room Layout**
Bright diodes offer great visibility and projects bright crossing horizontal and vertical lines for various leveling and layout applications
- **Removable 5/8" Thread Adaptor with Side and Bottom Ports**
 - Allows for the unit to attach both horizontally and vertically to a tripod or bracket
 - Dual Orientation can be used both vertically and horizontally
- **Durable Design**
Over-molded handles, 2 meters drop protection and IP67 debris/water resistance

DW079LG

20V MAX* GREEN ROTARY TOUGH LASER™ TOOL

Accuracy at +/- 1/16" @ 100'

Working Range 250' Visible + 2000' w/ Detector

- **20V MAX* Lithium-ion Battery Platform**
For long run time and the convenience of rechargeable batteries
- **Dual 360 Degree Line Laser to Aid in Full Room Layout**
Bright diodes offer great visibility and projects bright crossing horizontal and vertical lines for various leveling and layout applications
- **Removable 5/8" Thread Adaptor with Side and Bottom Ports**
 - Allows for the unit to attach both horizontally and vertically to a tripod or bracket
 - Dual Orientation can be used both vertically and horizontally
- **Durable Design**
Over-molded handles, 2 meters drop protection and IP67 debris/water resistance
